THE COMPANY

ABOUT OUR COMPANY / VISION & MISSION

Masar Emaar Contracting Company, established in 2017, is a limited liability company headquartered in Riyadh, Saudi Arabia. With a proven track record in the contracting sector, Masar Emaar delivers comprehensive services that span all aspects of construction and civil engineering. These include building construction and finishing, precast solutions, canal and roadworks, electrical and plumbing systems, railway construction, and complete infrastructure projects. The company also specializes in site preparation, demolition, excavation, woodwork, metal fabrication, and structural projects. With a focus on quality, precision, and innovation, Masar Emaar is committed to shaping the built environment and contributing to Saudi Arabia's development goals.

Our Vision

To be a trusted leader in the construction and contracting industry, recognized for pioneering solutions, operational excellence, and a commitment to transforming landscapes and communities in Saudi Arabia and beyond.

Our Mission

To deliver innovative and reliable contracting services by leveraging modern technologies, skilled expertise, and sustainable practices, ensuring the highest standards of quality and customer satisfaction in every project.

● MD'S STATEMENT

Since our establishment in 2017, Masar Emaar Contracting Company has grown into a trusted name in the contracting industry. From constructing state-of-the-art buildings to delivering complex civil engineering projects, our success stems from a commitment to excellence, innovation, and sustainability.

Our mission is to provide high-quality, reliable solutions that exceed client expectations, supported by a skilled workforce and strong partnerships. Each project we undertake reflects our dedication to shaping communities and advancing Saudi Arabia's Vision 2030.

Looking ahead, we aim to lead the industry by embracing cutting-edge technologies and fostering sustainable practices. I sincerely thank our clients, partners, and team members for their trust and support as we continue to build a legacy of quality and reliability.

● HOW WE WORK ?

ABOUT OUR WORK / HOW WE WORK?

At Masar Emaar Contracting Co., our process is designed to ensure precision, quality, and timely delivery for every project. By combining expertise, advanced technology, and a customer-first approach, we achieve exceptional results at every stage.

MORE

We incorporate creative touches and innovative techniques at every stage, ensuring the highest standards in contracting and construction.

● STEP-1

Initial Consultation

We begin with a thorough understanding of your requirements, site evaluations, and project objectives to establish a strong foundation.

● STEP-2

Design and Planning

Our team develops detailed designs and project plans, integrating sustainable and innovative solutions tailored to your needs.

● STEP-3

Execution and Supervision

With expert management and skilled workers, we ensure smooth project execution, maintaining quality and adhering to deadlines.

● STEP-4

Completion and Handover

We deliver completed projects on time, meeting and exceeding expectations while ensuring client satisfaction and long-term performance.

OUR PROJECTS

ABOUT OUR PROJECTS / OUR PROJECTS

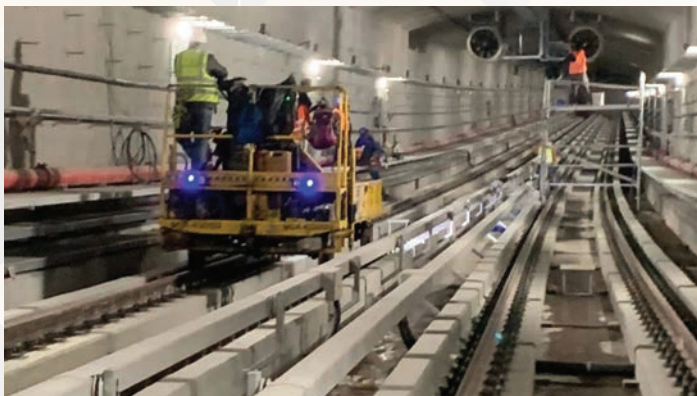

At Masar Emaar Contracting Co., our projects reflect our commitment to excellence, innovation, and sustainability. From large-scale industrial facilities to housing developments and critical infrastructure, we take pride in delivering world-class solutions that shape communities and drive progress.

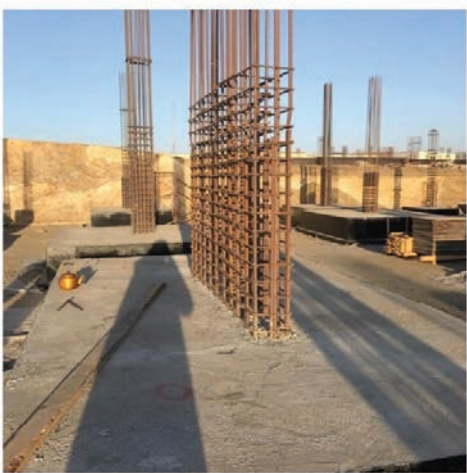

THE BIG PROJECT

The Station Metro Project is a flagship infrastructure initiative executed by Masar Emaar Contracting Co., representing a landmark achievement in urban connectivity. This project showcases our expertise in large-scale construction and engineering solutions.

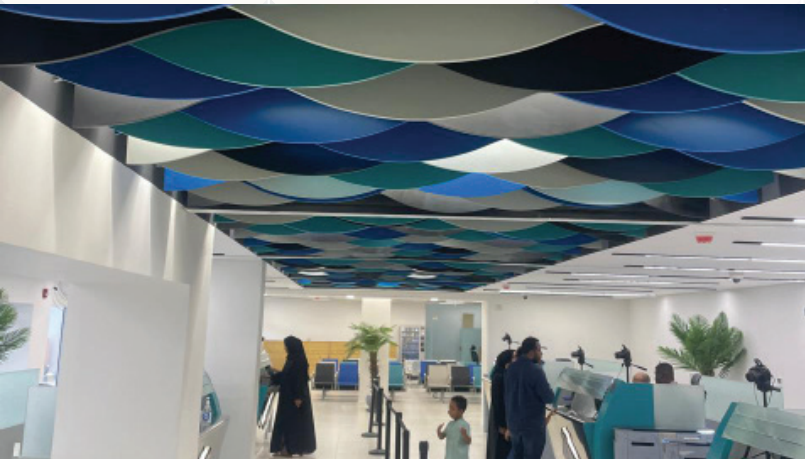

3J1 - RIYADH METRO PROJECT

The 3J1 PROJECT highlights Masar Emaar Contracting Co.'s expertise in finishing works, showcasing the application of various paints and gypsum board installations. This phase emphasizes precision, aesthetic quality, and functional design, contributing to a polished and durable infrastructure.

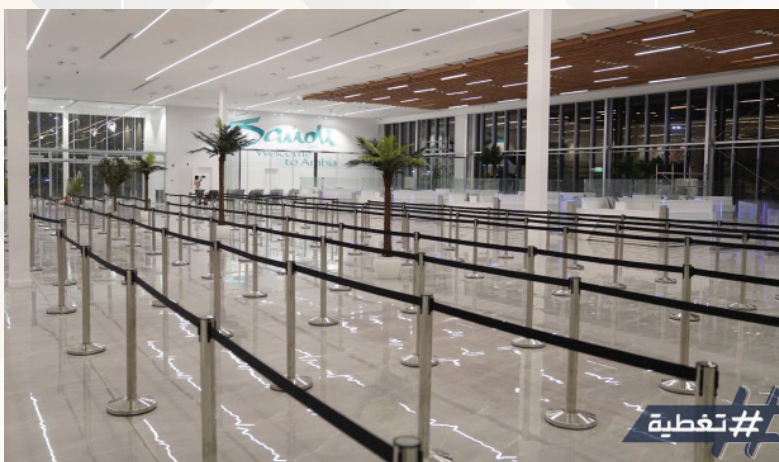

General Security Established in Abha

The General Security Project in Abha showcases Masar Emaar Contracting Co.'s capabilities in large-scale civil works. Focused on structural integrity and foundational excellence, this project excludes finishing works, emphasizing robust engineering and reliable construction techniques.

King Fahd Causeway Project

This project showcases Masar Emaar Contracting Co.'s expertise in civil, MEP, and finishing works. Located on the vital King Fahd Causeway, it included structural construction, full MEP systems, and modern interior finishes. The successful execution reflects the company's capability to deliver complex projects efficiently and to high standards.

Salwa Project

The Salwa Project is a comprehensive development showcasing Masar Emaar Contracting Co.'s capabilities across multiple engineering disciplines, including MEP, civil works, and finishing. The project reflects a high level of coordination and execution, covering essential infrastructure and utilities, structural and architectural works, and detailed finishing. It demonstrates the company's proficiency in delivering integrated solutions with precision, quality, and adherence to demanding timelines and technical standards.
